Custom Magickal Perfume Potion – Crafted Just for You

This is not merely a fragrance—it is an experience, a sacred creation made uniquely for your energy, your essence, your journey.

Each Custom Magickal Perfume Potion is hand-blended through ritual & intuitive guidance, using a curated selection of enchanted botanicals, essential oils, resins, and flower essences. No two potions are ever the same. Every ingredient is chosen in harmony with your intentions, spirit and the energies surrounding you—whether it be moon phase, astrological alignment, or intuitive messages received in the crafting.

Your perfume is a spell in a bottle: protective, awakening, seductive, grounding—or all of the above. Each will contain pure essential oils, resins, herb & flower essences and more—each note singing to your soul's frequency. Every potion is blended in sacred space, charged with crystal energy, and sealed with blessing.

Wear as an anointing oil, a daily ritual, or your secret talisman.

This is magick, bottled—made only for you.
